Subject Ellsworth Site -- transferring case

Hi Tom,

814-2347

This is to let you know that the Ellsworth site matter is being transferred to Gerald (Gerry) Karr in our office. His email address is gkarr@atg.state.il.us. I don't know if you have worked with him in the past, but he's been on the state superfund team for several years now. I have gone over the file with him, and forwarded your more recent emails, including the most recent info on PRPs. Gerry will be attending the meeting on 1/12, and I'm still deciding on whether I will attend or not. It depends on my schedule. In any case, I will be around to assist Gerry with any historical types of matters which may arise.

I assume you sent out the Special Notice Letter and SOW for the RI/FS. I don't recall getting a copy of the final documents via email or otherwise. Please send a copy of the final letter (not each one you sent out, just one will do) and the SOW to Gerry either via email or hard copy. His address is the same as mine below. Do you have a service list to who the letters were sent?

Thanks much for your help on this case. I'm sure we'll be in touch on other matters, or even this one, since I'm sure it will be around for a long time to come.
